Grading Policy
Riverland Policy #2.22

PURPOSE:
The purpose of this policy is to establish guidelines and process for grading, grade appeals, and academic forgiveness.

APPLICABILITY:
Faculty members have the authority to establish course requirements and standards for expectations and the evaluation of student performance. Grades submitted by faculty to the Registrar's Office are presumed to be accurate. It should also be noted that in accordance with Minnesota State Policy and Minnesota State College Faculty Association Master Contract Language all faculty including full-time, part-time, adjunct, and concurrent enrollment faculty have the right to determine their own grading policy as stated in the syllabus for the course. Grades may reflect academic achievement, compliance with course expectations, and other standards, as determined solely by the instructor/s of record.

Grade Determination:
Evaluation of Performance
Evaluation of a student's performance is determined by the instructor of the course and cannot be appealed except as allowed in this policy.

Grading Criteria
The instructor shall establish the criteria used to evaluate a student's performance and communicate the criteria to the student in a written syllabus.

Amendments to Grading Criteria
The instructor has the right to alter the written grading criteria if the alteration:
1. is more generous;
2. does not disadvantage a student; and
3. is communicated in writing to all students.

Grade Submission
The instructor of a course shall submit a grade for each student who is not auditing or withdrawn from the course. The grades must be submitted by the deadline and in the manner designated by the Registrar's Office each semester.

Letter Grades
The instructor of a student who is taking a course for a letter grade shall evaluate the student relative to the established expectations for the course using one of the following letter grades.
1. Grade A. A grade of "A" indicates that a student's performance was superior relative to the established expectations for the course.
2. **Grade B.** A grade of "B" indicates that a student's performance was above average relative to the established expectations for the course.

3. **Grade C.** A grade of "C" indicates that a student's performance was average relative to the established expectations for the course.

4. **Grade D.** A grade of "D" indicates that a student's performance was below average relative to the established expectations for the course.

5. **Grade F.** A grade of "F" indicates that a student's performance was inadequate relative to the established expectations for the course.

**Pass or No Credit Grades**
The instructor of a student who is taking a course for a pass or no credit grade shall submit one of the following grades for each student who has not withdrawn from the course.

1. **Grade P.** A grade of "P" or passing indicates that a student's performance was adequate relative to the established expectations for the course.

2. **Grade NC.** A grade of "NC" or no credit indicates that a student's performance was inadequate relative to the established expectations for the course.

Riverland Community College uses the following grading system and designated quality points for calculating a grade point average (GPA):

<table>
<thead>
<tr>

Letter Grade | Quality point(s)
---|---
Z | Grades for class or classes that are currently in progress.

**FN/FW Grading - Timeframe for Usage:**

**FN – Failure to complete a course due to no attendance**
An “FN” grade is a transcripted grade on a student’s transcript reflecting that they did not attend a class or did not log in and participate in an online course.

- FN’s would not be issued during the drop/add period during any semester or session.
- FN’s would ONLY be issued the second (8th class day of the semester) and third weeks of the Fall and Spring semester, and the second week of a “late start”, short term, or Summer Session classes.
- FN’s should be issued at the time the faculty member makes the determination that the student has earned an FN grade.
- FN’s are issued when the student has not attended any class sessions or has not engaged in their online course(s).

**FW – Failure to complete a course due to an unofficial withdrawal**
An “FW” grade is a transcripted grade on a student’s transcript reflecting that they started attending class or logged in and engaged in an online course but then displayed an extended period of absence or lack of online course participation, without communication with their instructor.

- Recommendation: Prior to considering the issuing of an FW grade, make a referral to the Riverland Counseling Department through the Early Alert System (Faculty and Staff web page link).
- FW’s would normally be issued starting the fourth week of the semester and the third week of “late start”, short term, or Summer Session classes. NOTE: if the course is shorter than three weeks, the faculty member should use their discretion as to when to issue the FW grade.
- FW’s should be taken into consideration if the student has missed three consecutive weeks of instruction or online course assignments.
- FW’s should be issued at the time the faculty member makes the determination that the student has earned an FW grade.
- FW’s would also be issued once the faculty member determines that the unofficially withdrawn student can no longer successfully complete the course work.

**Assignment of an Incomplete:**

**Instructor Discretion**
At the discretion of the instructor, a student may be granted an incomplete when the instructor believes there is a reasonable expectation that the student can complete the work for a course.

**Completion of Coursework**
The instructor must provide the student in writing the expectations and timelines for completing the work and a copy of these instructions must also be given to the faculty member’s academic dean. The deadline to complete coursework is determined by the instructor, but may be no later than eight weeks into the next semester, not including summer session. If the instructor has not submitted a letter grade by the end of the eighth week of the semester following the Incomplete, a grade of "F" or "NC", as applicable, will be entered.
by the Registrar's Office. If the student is enrolled in coursework during the semester following the grade of Incomplete and the conversion of the incomplete to a grade of "F" or "NC" results in the student not meeting the minimum requirements of the Satisfactory Academic Progress Policy, the student will be allowed to complete the enrolled coursework and will not be placed on academic probation or suspension until the end of the current term.

**Criteria**

1. The student must present the instructor with a documentable and legitimate reason for not being able to complete the course by the end of the semester in which the student is registered for the course.
2. The student must have completed at least 75% of the course requirements up to the point where the request for an incomplete is made.
3. The student must be earning a passing grade in the course at the time that the request for an incomplete is made.
4. The student must be able to complete all remaining requirements of the course without direct instruction or supervision.

**Communicating Grades:**

**Posting Grades**

An instructor may post grades provided a code is used that is identifiable only to the student and instructor. Posted grades may not contain the student's name, ID number, or social security number.

**Access to Grades**

Only the instructor of a course is permitted to communicate grades to the student.

**Academic Honors:**

**Dean’s List**

A student who completes 12 or more college-level credits in a semester with a semester GPA of 3.0 or greater will be included on the Dean’s List. A letter of acknowledgement will be sent to each student on the list.

**President’s List**

A student who completes 12 or more college-level credits in a semester with a semester GPA of 4.0 will be included on the President’s List. A letter of acknowledgement will be sent to each student on the list.

**Excluded Credits**

The following credits will not be included to determine eligibility for academic honors:

1. Developmental education and English as a second language credits;
2. Credits taken for a pass or fail grade;
3. Credits taken for audit;
4. Credits from which the student withdrew; and
5. Credits that are currently in incomplete status.

**Appealing Grades:**

**Grounds for a Course Final Grade Appeal**

Students are responsible for accessing their final grades using the Riverland web site. No grade appeal may be made until the official course final grade is posted on the student’s record.
Students must contact the instructor about the grade award before an appeal can be filed and provide documentation of confirmation or meeting with the instructor resulted in a refusal by the instructor to change the grade.

Documentation must also include one or more of the following:
- Evidence is provided of an error in grade calculation.
- The criteria or methodology for grade determination has not been provided to students either in the syllabus or by the time a final grade is assigned.
- The standard for evaluation of student academic performance has not been applied in accordance with syllabus and/or Master Course Outline (MCO) policy.

If the student believes that a grade received is based upon discrimination, or sexual harassment, as defined in the student handbook/college policy, the student should follow the procedures for harassment and contact the college’s Human Resources Office immediately.

The Appeal Process
If students believe that they have grounds for appealing a grade issued by an instructor, then the following procedures must be followed:

Step One
A student, who has questions about a grade received in a course, should seek to resolve the issue by first consulting with the instructor within ten (10) business days of the posting of the grade on the official student record. The student must notify the instructor about their grade concerns, and such notification must be dated no later than ten business days of the posting of the grade on the official student record. Instructors may not be available during times other than on contract days of the academic calendar, and so the response by the instructor may not occur until their contract resumes.

Step Two
If the issue has not been resolved after consultation with the instructor, then the student may appeal the decision to the faculty member’s dean. The student must:
- Submit a written grade appeal form (http://www.riverland.edu/policy/) to the appropriate dean within ten (10) business days following his/her consultation with the instructor.
- Provide clear documentation that demonstrates grounds for the appeal. Documentation may be in the form of e-mail correspondence, graded assignments, proof of timely submission, the course syllabus, etc.
- Provide evidence that his/her level of achievement is not supported by the grade awarded.

If the evidence appears compelling, the dean will forward the student’s written statement to the instructor for a response. The instructor will either provide a written response within ten (10) business days to the dean supporting or denying the appeal or request to meet with the dean and the student.

If the evidence is not compelling, the dean will provide a written response to the student within ten (10) business days and will also notify the instructor that the student’s appeal was received and denied.

The dean may request an appeal meeting that includes the student and the instructor, but the instructor is not obligated to participate in such a meeting. The instructor is entitled to union representation or a witness during such a meeting. In the event that a meeting is requested by either the instructor or dean and is scheduled, the student may invite an advocate to sit in, but this individual may not participate except to
witness the meeting. The dean will render a decision to the student in writing within ten (10) business days of the appeal meeting with the student and instructor.

**Step Three**
Following the outcome of a grade appeal with the dean, a student may request an appeal review before the Vice President of Academic and Student Affairs. The request for an appeal must be submitted in writing to the Vice President of Academic and Student Affairs within ten (10) business days of the date of notification of the appeal decision by the dean of the instructor in Step Two. Failure to file an appeal or request an extension in a timely manner constitutes a waiver of the right to an appeal.

The Vice President of Academic and Student Affairs will review the request for an appeal review and will determine if the appeal has merit. The Vice President of Academic and Student Affairs may schedule an appeal review meeting between the student, the instructor, the dean, but the instructor is not obligated to participate in such a meeting. The instructor is entitled to union representation or a witness during such a meeting. A student’s advisor or advocate may attend this meeting but may not participate except to witness the meeting. The Vice President of Academic and Student Affairs will render a decision to the student in writing within ten (10) business days of the appeal review meeting. The Vice President’s decision is final.

**Treatment of Grades in Assessing Satisfactory Academic Progress:**

**Audited Courses:** Audited courses (AU) are not funded by financial aid and are not included in any financial aid satisfactory academic progress measurements.

**Completed Credits:** Credits that include A, B, C, D, F, FN, FW (unofficial withdraw), and P. They do not include FN (failure for non-attendance), I (incomplete), W (withdraw), AU (audit), NC (no credit), Z (grade not yet entered), or drops (classes dropped during the drop/add period). Completed credits may qualify for retroactive payment of financial aid.

**Consortium Credits:** Credits for which a student is registered at another college which are accepted by Riverland for the purposes of processing financial aid are to be included for purposes of calculating satisfactory academic progress (cumulative GPA, completion percentage, and maximum time-frame calculations).

**Credits Attempted But Not Successfully Completed:** Credits for which a student receives a letter grade of I, NC, W, FN, FW, F, and Z shall be treated as credits attempted but not successfully completed. Audited courses (AU) are not counted as credits attempted.

**Earned Credits:** Successfully completed credits that count toward the required percentage of completion. Earned credits include only A, B, C, D, and P (pass).

**Academic Forgiveness:** Credits for which students have been granted academic forgiveness shall be recorded and retained in the Student Data System in such a way that they will be included in both the qualitative and/or quantitative measurements of financial aid satisfactory academic progress.

**Grade Point Average (GPA):** GPA is the quotient of the student’s grade point total divided by the grade point credits. “P” does not carry a grade point value and as such is not calculated in the GPA. A “P” will neither raise nor lower a student’s GPA. However, “P” counts toward registered and completed credits.

**Grade Points:** A letter grade is assigned at the end of the semester for each course in which the student is enrolled. A grade point value for each credit in the course is assigned to each letter grade. Only grades of A, B, C, D, and F carry grade point value and shall be included in the GPA calculation.

**Grade Point Total:** The sum of grade points earned as determined by multiplying the grade point value of the grade by the number of course credits.
Incompletes: Students must request of the instructor that they be assigned a grade of incomplete (I). A grade of “I” may be assigned at the discretion of the instructor in exceptional circumstances and is a temporary grade. It is to be given only to students who cannot complete the course work on schedule because of illness or other circumstances beyond their control. An incomplete grade will automatically become an “F” grade at the end of the next semester if requirements have not been satisfactorily met. Instructors have the option of setting an earlier completion date.

Remedial/Developmental Courses: Credits awarded for remedial or developmental course work (below 100 level) shall be included in the qualitative and quantitative percentage measurement of satisfactory academic progress. Students may receive financial aid for these credits up to a maximum of 30 semester credit hours. Up to 30 remedial and developmental credits shall be excluded from maximum time frame calculation.

Repeated Courses: In order to successfully complete a course as defined by program requirements, a student may repeat a course no more than two (2) times. Repeating a course will not remove previous attempts from the student’s transcript. The best grade will become the grade calculated for GPA purposes. All repeated credits are included in the completion percentage calculation for satisfactory academic progress and are taken into consideration when calculating maximum time frame. A student shall not be permitted to receive financial aid for more than one repetition of a previously passed course. In order for repeated courses to be calculated into a student’s GPA, a passing grade must be earned. Repeating a course will not remove previously posted Satisfactory Academic Progress notations on the student’s transcript.

Successfully Completed Credits: Credits for which a student receives a letter grade of A, B, C, D, and P are included in the calculation of cumulative completion percentage of credits successfully completed.

Transfer Credits: Transfer credits are credits earned at another college which are accepted by Riverland. Transfer credits accepted by Riverland and applied to the student’s program requirements shall be counted as credits attempted and completed for calculation of cumulative completion percentage. Grades associated with these credits shall not be used in calculating cumulative GPA. Transfer credits will be counted when calculating the 150% timeframe if the credits apply towards the student’s current degree, diploma, or certificate.

Credit for Prior Learning: Credit for Prior Learning (CPL) offers students a way to earn credit for verifiable college-level learning acquired through life or work experience. Prior Learning Assessment (PLA) is the process by which a student’s learning from experience is assessed and evaluated for purposes of granting credit certification, or advanced standing toward further education or training. More details and information on CPL is available online at https://www.riverland.edu/academics/credit-for-prior-learning/.

Withdrawals: Credits for which a grade of “W” is received are considered attempted credits but not successfully completed credits for the purpose of monitoring satisfactory academic progress. A “W” does not impact GPA, but does negatively impact the cumulative completion percentage.

SCOPE: Faculty, students.

DEFINITIONS: See above.

DOES THIS POLICY HAVE A PROCEDURE? Yes

Date of Implementation: November 8, 2018
Date of Adoption: November 8, 2018
