PURPOSE: This policy applies to faculty in unlimited positions. Per MnSCU Board Procedure 3.32.1, the purpose of the professional development plan is to “identify activities and/or strategies to be used by the faculty member to maintain currency in the faculty member’s credential field(s) and in teaching and learning skills and may include activities that go beyond maintaining currency…”

Professional development includes continuing improvement in teaching and learning skills and methods, discipline and program content, student interactions, service to the college, and professional growth related to the faculty member’s employment responsibilities.

Applicability:
All faculty in unlimited positions will prepare a faculty professional development plan. Plans will be developed in consultation with the faculty member’s supervising dean and shall address specific objectives and outcomes in up to six component areas of development. The development plan will cover a period of three academic years, dependent upon the nature of the activities to be completed. While the plan effective dates may vary, all plans will be reviewed by the faculty member’s supervising dean on an annual basis to ensure progress and relevancy to the faculty member’s credential field and level of teaching experience.
