<p>Note: International Business Majors choose six credits from one functional business area: marketing, management or finance. The plan shows courses from marketing. However, students can consult with their Minnesota State Mankato advisor about different choices in either finance or management. Students participating in the IBE program need two additional classes to complete the Entrepreneurship & Innovation minor. Consider taking the classes to complete the minor in the fourth year. Other minors in the College of Business include accounting, business law, human resource management, marketing, international business and financial planning.</p>		

Fourth Year/Spring Semester		
Course No.	Name	Credits
IBUS 490	International Business Policy	3
MGMT 481	Business Policy and Strategy	3
MRKT 412	Professional Selling	3
IBUS 485	Export Administration	3
	Elective	3
<p>Note: A bachelor of science degree requires 120 credits. If the number of credits taken to meet general education and major course requirements totals less than 120 credits, students are to choose "electives" that will count toward graduation, but are not required for general education or the major. The number of elective credits will be reduced if a four credit, rather than a three credit, general education course is taken. No minor is required for any major in the College of Business. However, if the student chooses to pursue a minor, he or she may utilize the electives identified in this plan toward that minor.</p>
