

Urinetown, The Musical
October 11-15, 2023

In a Gotham-like city, a terrible water shortage caused by a 20-year drought has led to a government-enforced ban on private toilets. The citizens must use public amenities, regulated by a single malevolent company that profits by charging admission for one of humanity's most basic needs. Amid the people, a hero decides that he's had enough and plans a revolution to lead them all to freedom! Winner of three Tony Awards, *Urinetown* is a hilarious musical satire of the legal system, capitalism, social irresponsibility, populism, environmental collapse, privatization of natural resources, bureaucracy, municipal politics, and musical theatre itself! Music and lyrics by Mark Hollman, book and lyrics by Greg Kotis, directed by Lindsey Duoos Williams.

London, 1953. Scientists are on the verge of discovering what they call the secret of life: the DNA double helix. Providing the key is driven young physicist Rosalind Franklin, one of the great female scientists of the twentieth century. A chorus of physicists relives the chase, revealing the unsung achievements of this trail-blazing, independent woman. But if the double helix was the breakthrough of the 20th century, then what kept Franklin out of the history books? Called "beautiful, tender, and surprising," *Photograph 51* looks at the woman who cracked DNA and asks what is sacrificed in the pursuit of science, love, and a place in history. By Anna Ziegler, directed by Susan V. Hansen.
